

SUICIDE-FOCUSED ASSESSMENT AND TREATMENT: AN UPDATE FOR PROFESSIONALS

October 20, 2021

12-5pm EDT

Free Virtual Session

Offered by McLean Hospital and the Department of Psychiatry and Behavioral Sciences at the Stanford University School of Medicine

Nearly 50,000 Americans die by suicide annually and the numbers are increasing—significantly.

To respond to this challenge, experts will present the latest advances in suicide-focused assessment and treatment.

This free workshop offers optional continuing education credits and is appropriate for those in the mental health, medical, nursing, social work, and counseling fields.

Upon completion, participants will be able to:

- Identify risk factors
- Assess suicide risk using different approaches
- Evaluate the latest treatments
